Gang Alternative, Inc. Receives Three Year CARF Accreditation

Commission on Accreditation of Rehabilitation Facilities or CARF provides a visible symbol that assures the public of a provider's commitment to continually enhance the quality of services and programs with a focus on the satisfaction of the persons served. Accreditation matters to GA because it signifies that the services we provide to our clients are top of the line! When clients are deciding what services to use and who should provide them, accreditation is a sign of quality and is an important consideration.

Achieving accreditation requires GA to commit to quality improvement, focus on the unique needs of each person we serve, and monitor the results of the service. To begin the process, GA is given a set of policies and standards that should be followed for 6 months. Once the 6 months is over, we request an on-site survey that is conducted by a team of experts selected by CARF. During this visit, GA must demonstrate that it conforms to the rigorous and internationally recognized CARF standards.

After careful deliberation, Gang Alternative, Inc. received a three year accreditation.
